Introduction

I specialize in turning innovative concepts into reality, guaranteeing the timely launch of projects. My expertise encompasses the creation of interactive advertising materials, games, apps, websites, tools, and frameworks. I excel in automating build processes and optimizing workflows, while fostering effective communication with clients and team members. My ultimate aspiration is to contribute to positive global transformation by aligning my professional and personal pursuits with forward-thinking projects.

My technology stack includes: JavaScript, TypeScript, React, Redux, Node.js, Webpack, Gulp, Pixi.js, Create.js, Three.js, Matter.js, Gatsby.js, GSAP, HTML5, Pug.js, SCSS, CSS3, Bash, Git.

I'm now looking forward to using my skills and experience in a fulfilling position.
